July 1, 1992

Dear Friends,

It has been some time now since sending out the current list of Garvie descendants. I trust you find your branch!

Maintaining and updating the family tree involves considerable research and takes much time. All of this is the source of great delight to me.

You will notice from the great many blank dates that the Garvie family data is far from complete. May I appeal to you that if you do have any information which has any bearing on Garvie history that you share this with us. Birth, marriages and deaths are especially important. Should you spot any errors please advise us.

The computer has made it possible to print ancestor charts on request. Should you require a print out kindly send me a SAE to defray some of the costs involved.

Now that we are settled in Durban after the upheaval of our move (I cannot imagine what it must have been like for Laurance and Johanna Garvie leaving Edinburgh for Knysna!) I trust we can give more attention to this most vital pursuit. I look forward to your encouraging information.

COLIN GEORGE GARVIE

### ADDENDUM: NEWSLETTER NO.16

#### FUTURE EDITIONS OF THE GARVIE NEWSLETTER

In forthcoming editions we plan to feature each of the major branches of the Garvies of Southern Africa:

17. Descendants of John Garvie (1870-1952)
18. Donald Sutherland Garvie (1873-1912)
19. James Garvie (1877-1959)
20. The Descendants of William Hugh Bilsland Garvie (1879-1930)
21. The Descendants of Charles Nangle Botha Garvie (1884-1967)
22. The Descendants of Ebenezer George Garvie (1886-1962)
23. The Descendants of Louisa Margaret Garvie (1890-1973)
24. Other Branches of Garvies in SA:
  - Thomas Bonnar Garvie
  - William Charles Hogg Garvie
  - David Flett Garvie
  - Johannes Garvie

This is a tentative plan and is subject to change. IF YOU ARE A DESCENDANT OF ANY OF THE ABOVE KINDLY FORWARD US ANY INFORMATION WHICH MAY BE OF INTEREST TO THE FAMILY. Check the genealogical table in this newsletter for correct information and let us have your contributions post haste! To hand is interesting material from the family of William Hugh Bilsland Garvie. The children of John Garvie have made a worthy contribution but we are still needing to complete our research material. The Garvie friends in Scotland have been most helpful.

#### KENYA RESEARCH

Unfortunately our material relating to the Garvies of Kenya is making slow progress. Historic data is wanting. Reg Garvie donated a valuable set of Kenya photographs. Vion Viljoen has allowed us to copy historic photographs from his collection. Evidently a collection of very rare Kenya photographs from Cape Town have been lost in the post. Hopefully they will one day come to light. I have already put a working document of almost 100 pages together but we are still far from complete. Joan Cole-Edwardes has made an invaluable contribution. Her letters

alone are worth their weight in gold. So come on you folk out there. Any new account or insight will be most welcome.

#### GARVIE FAMILY SOCIETY

We have not received any response regarding the suggestion of a properly constituted "Garvie Family Society" which can plan, pursue and preserve Garvie family research. I notice the greatest concentration of Garvies are in the Durban environs. It would be good to arrange a meeting of interested parties in this region. At this stage we are gauging interest. It would be pointless pursuing it if there was no support. I am looking for some direction here. By pooling our resources we can multiply the effect of our rich heritage. Contact me if you think there is some merit in the idea.
